We solicit your orders for citrus and deciduous trees. Years of experience enable us to grow trees which we believe to be unexcelled. Our Western Grown trees are proven varieties and will give equal satisfaction in all localities. However, we believe retail nurserymen, particularly in Southern California and other warm sections, will find them superior to imported stock. Our locally grown trees tend to leaf out later than imported trees, thus assuring the retailer of a longer selling season. This in turn reduces losses from replacements and unsold trees, and lessens customers' complaints. The greatest care is exercised in the selection of our budwood and every precaution taken to produce and deliver varieties true to name. The prices quoted are intended primarily for retail nurserymen who require many varieties for resale to customers desiring home orchards.

GUARANTEE
